This wound you purposely inflicted on yourself?
Your wound is not like that
Kai's chain has a sharp cutting edge, it causes deep lacerations.
You knew...?
If you knew
This stab wound is inflicted from the top... And you said that Kai lashed with his chain.
I thought I told you not to come in here.
Oh
It's nothing Ratri
Just My wound ached so I decided to look for some kind of medicine

You can see right through him?
Ho! Excellent subordinate! Strong, loyal hot and good in bed!
Looks like you like him very much!
That idiot...
I really don't like it!
While I was there, a guy told me about how things were here He was good enough to tell me about Kai
Do you understand what I felt at that moment?! Ratri!!!

Did you choose me, Ratri?
The day you came back.
I got information saying that Viharn was taken to the Federal Prison.
If you knew, why did you protect me?
Even though Kai left because of it
There is no way
Those events were not connected
He went to save Viharn didn't he?

Ratri won't you come with me to Silvana ?
He said that when he receives it you and I will have the right to stay in Sylvana!
The list of the members of Saruto! The federals want it
Who is that man? What are you looking for here?

Fine..
Kill me..

Kill me!
Ratri
Get out!

And anyway it all started because of the fact that I bored them!
Right now he's acting as my replacement and is getting fucked by the prison guards!
What?
Then who understands you?
Kai?
So they said, send your replacement and Sarutas's list
That guy!
